Thousands of People Will Read This Page Today—That's Why The West Virginian Classified Want Ads Pay

MUCH INTEREST IN NEW CLASSES

Indications Point to Large Attendance at Mining Schools.

Interest in the mining school classes of Northern West Virginia is on the increase. The unusual showing of last year is about to be equalled if not surpassed. Judging from the increased demand for mining school classes it is safe in predicting that the growth will be more pronounced than last year.

Two additional towns in Northern West Virginia want classes. They are Beechwood and Almina. It is safe to state that the towns having classes will do their best to hold up the attendance for fear of losing them. Four additional towns in the region now want classes. Grant Town and Wyatt also being in the list of towns desiring classes.

There is some talk also of an additional instructor being put on the work in Northern West Virginia. Nothing definite has been worked out as yet along this line.

The first mining school class of the week will be started tonight in the Hutchinson Coal Co. Building at Mt. Clare. On Tuesday evening the Clarksburg class will meet in the Traction Company Building. The Carolina class will hold its first session in the school building on Wednesday evening. At Shinnston the class will meet in the high school building on Thursday evening. The Fairmont class will hold its first session at the Fairmont High School annex on Friday evening.

Geological Survey

Soft coal production in the United States for the week ending September 16, is not expected to exceed 9,500,000 tons. Over the three weeks period following general resumption of mining under the Cleveland agreement production has been at a rate less than 9,500,000 tons a week.

The tonnage for the week ending September 3 includes the production of the principal union fields that had signed up the Cleveland agreement. Operators signed up with the union in the State of Washington on August 20. The strike, however, was still on in the Connellsville and other union fields of Pennsylvania, Georges Creek, Upper Potomac parts of Northern West Virginia and the C. & O. portion of the Kanawha field.

Percentage of present full time output produced in the bituminous fields making weekly reports for the week ending September 2, included the following: West Virginia Cumberland-Piedmont 180.3, Fairmont 41.8; winding Gulf 37, Pocahontas 56.7, Tug River 54.5, Kanawha 19.5, Logan 28.1, Kenova-Thacker 61.7, Pennsylvania-Connellsville, coke output 40 per cent below pre-strike and 64 per cent below 1920 average; Westmoreland 84.6, Central 72.7, Somerset 66.7.

During August tidewater shipments declined 1,820,000 net tons. This was a very slight decrease as compared with July but a decrease of approximately 22 per cent as compared with June.

Soft coal shipments to Lake Erie ports under the stimulation of priorities increased 55 per cent during the week ending September 10 over the preceding week. The ore and coal exchange reported a total of 717,226 tons dumped as against 463,242 tons the week before. Of that total 632,724 tons were cargo coal and 54,502 tons were vessel fuel.

Stocks on Lake Superior docks on September 1, were 23,833 tons of anthracite and 120,384 tons of bituminous coal against 156,553 tons of anthracite and 449,508 tons of bituminous coal on August 1.

Coal shipments out of the Fairmont-Panhandle section jointly last week were as follows: Monday, 139,000 tons; Tuesday, 125,400 tons; Wednesday, 120,650 tons.

Coke Conditions

The Connellsville Cougher last week stated the following in regard to the coke market: "Several things transpired in the coke market last week which are more significant of the progress in an effective break of the local strike than any development since April 1."

For the first time during the embargo placed on production by the walkout of employees furnaces have been able to locate sufficient coke to insure operation of their stacks, the closing of a contract by the Producers Coke Company for 15,000 tons of furnace coke to be delivered in September marking the resumption of this group of buyers in the market. Incidentally inquiries have been received from other furnaces indicating that the increase in production, and the certainty that it will go right on from week to week, give assurance that preparedness for firing up idle furnace stacks can now safely be made.

The estimated production of coke during the week ending Saturday, September 9, was 87,330 tons, contributed by the two districts as follows: Connellsville 79,

an increase of 3,870 tons; Lower Connellsville, 18,300, an increase of 3,060 tons or a total increase of 7,030 tons as compared with an increase of 4,200 tons during the preceding week.

The market for spot or prompt coke is quotable as follows: furnace coke, \$11.00@11.50; foundry coke, \$12.50@13.00.

GRANT TOWN

Returns From Hospital.

Mrs. J. A. Woody returned home Saturday evening after being a patient at Cook Hospital for a week. Mrs. Woody entered Cook Hospital a week ago and has since undergone an operation. She was later removed to her brother's home on the Edgeway and Country Club Road of Fairmont where she remained until Saturday night when she was driven home by automobile.

Wreck on Fairview Road.

Last Friday morning Justice John T. McGraw and son Thomas and Clarence Evans were in an automobile wreck which seriously wounded the elder McGraw and smashed Mr. Evans' arm. Thomas escaped without injury.

The accident occurred on the Fairview road near the air shaft of the New England Fuel & Transportation Co. mines. The car in which they were driving was hurled clear off the road by a large truck which caught one of the blind wheels. The car turned around in the road, throwing the occupants out. Mr. McGraw landed on a rock-pile, fracturing several ribs and sustaining internal injuries. Thomas was not injured for the reason that he landed on Evans which checked his fall. Evans was bruised about the body and received a broken arm.

Following the accident the occupants were rushed to Cook Hospital where they received treatment. Mr. McGraw, who remained at the hospital until Saturday, is a well-known citizen of the county. He has served as justice of the peace of Paw Paw District for several years. He is a brother of P. J. McGraw, superintendent of the Grant Town mines.

First Sermon Here.

The Rev. I. S. Tyler preached his first sermon at Marvin Chapel Saturday night. A large crowd was present. Marvin Chapel has been added to the Fairview charge since the annual conference. It was formerly on the Rivesville charge.

At Cook Hospital.

Albert Lewis entered Cook Hospital last Wednesday when he underwent an operation for the removal of his tonsils and adenoids. He is expected to be home Thursday. He will resume his position on the Fairview football team in a few days.

Miss Jennie Rubanich was admitted to Cook Hospital Saturday for the removal of her tonsils and adenoids. She is getting along nicely at this time.

Mines Not Working.

The Grant Town mines did not work Thursday, Friday and Saturday on account of the car shortage. A few cars were loaded Friday. The bottom crew was the only one that worked. Saturday a few tons were dumped for the boilers.

"Hands Off" Makes Hit.

"Hands Off," shown at the Grant Town Theater Friday night, made a hit with the people. Tom Mix played the part of hero with Pauline Curley as leading lady. This picture was to have been shown Thursday evening but was delayed and was shown Friday evening instead with the largest crowd present since the opening of the theater in the latter part of August.

Party for Beginners.

A party was given Saturday afternoon in honor of the beginners, who will be promoted to the primary department at Ballah Chapel. Promotion Day will be held next Sunday. The affair will be in charge of Miss Jessie Lee, superintendent. Services will begin at 9:45.

Personal.

Miss Bessie Barth is starting to resume her studies in a business course in which she started last summer. She will start today.

Orbie Skinner was a business visitor in Fairmont Saturday.

Miss Madge Smith was shopping in Fairmont Saturday.

Mr. Charles Warner was a business visitor in Fairmont Wednesday.

William Romain was in Fairmont on business Friday.

Mrs. Lieu McElroy and daughter Erma were shopping in Fairmont Saturday.

Jake Smith was a business visitor in Fairmont Saturday.

Miss Nancy McElroy of Keystone visited friends at Grant Town and Arnetts Run Sunday.

Willis Riggs and daughters, Vivian and Sylvia, were in Fairmont on business Saturday.

Fred Toothman was a business visitor in Fairmont Saturday.

Ray Barth, Miss Bessie Barth and Mr. and Mrs. William Romain were in Fairmont on business Thursday.

SHOW NO CHANGE.

WASHINGTON, Sept. 18. — The general level of wholesale prices showed no change in August from that of July, according to reports gathered by the Bureau of Labor statistics of the Department of Labor. The bureau's "weighted index number" again registered 155 in August, a repetition of the July figure.

This Date in History

Life and Character Reading.

SEPTEMBER 18.

The main faults of the Virgo born consist in their domineering tendencies, interference with other people's affairs, and freedom with which they criticize the faults and shortcomings of others. True companionship will be found among those born under Libra or Sagittarius and those who come under their own sign, Virgo.

Virgo people are usually of middle or tallish stature, well formed, with oval faces, a musical voice and elegant manner. Their mode of growth is by the endeavor to realize that there is nothing perfect in nature, and to become alive to their own failings. When they have done this and found out their faults and corrected them, they will be well on the road to success.

The Want Ads are your unfailing friend. "A friend in need" applies well to them. They are at your service night and day, and always give the best. Use them daily.

IMPORTANT NOTICE

The West Virginian will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

All cancellations orders on contract and until for bid orders must be in writing addressed to the Want-Ad Department. This is for your protection.
